AUTHORIZED BY: Cheryl Thompson, DHFS Reconciler Bureau of Fiscal Services	PAGE 1 OF 2

PROCEDURES

Per the April 12, 2006 memo from the Department of Administration, the following schedule indicates which salary and fringe data is to be included in SFY 06.

1. Salaries and Wages:

Payroll 14-B for the pay period June 11 through June 24 is the last bi-weekly payroll, which is chargeable to SFY 06. If a Length of Service payroll paid June 30, 2006 occurs, it will also be charged to SFY 06.

2. **Fringe Benefits:**

The state matching fringe benefit expenditures will be coded per the following schedule:

Proper Fiscal Year Coding for Salaries and Fringe Benefits
(In accordance with proper accounting theory)

[illegible]

3. At time of document preparation, fiscal year on the document is determined by the date the payment is due to the Department of Employee Trust Funds (ETF). DOA will prepare JV's to ensure financial data is correctly recorded. Non-payroll fringe documents are considered to be immaterial by DOA and will not be adjusted by DOA as prepaid items.
4. General and Teachers retirement payments to ETF for pay periods 13 & LOSP are due July 19, 2006. The payment for PP14 is due August 19, 2006.
5. **Program Administrative Fees for Employee Reimbursement Accounts (ERA).**

The ERA administrative fee is in effect for plan year 2006. The administrative fee is 60 cents per month for each health plan contract that has an employer-paid share reported to the Dept. of Employee Trust Funds (ETF).

The expenditure for ERA administrative fees that is tacked onto each Health Insurance Premium is a current month expenditure and does not roll into the new year.
